PROFESSIONAL EXPERIENCE

SOTI India Private Limited, Software Engineer
August 2022 – present | Kochi, India

- Successfully modernized SOTI MobiControl's interface, seamlessly transitioning from Legacy UI, boosting user experience and enhancing product efficiency.
- Led as the Epic Developer Owner for multiple projects, ensuring adherence to industry-standard architecture and security guidelines.
- Developed and deployed multiple APIs using .NET Framework and C#, showcasing expertise in API development and .NET.
- Created automated tests at the unit level, integration level, and using SpecFlow BDD Scenarios, ensuring the delivery of high-quality, bug-free code.
- Developed components on Angular using TypeScript and SCSS, contributing to the creation of user-friendly and scalable applications.
- Demonstrated proficiency in cross-platform integration across Windows, Android, and Apple operating systems, showcasing expertise in MDM application development.
- Fostered a collaborative team environment, contributing to a culture of learning and growth within the organization.
- Consistently maintained a top 3 position in the team, demonstrating exceptional coding proficiency and delivering consistently high-quality code with an impressively low bug count.
